The cases of those and others
 who have taken up war work
 may be considered on their relative
 merits after they are discharged
 from their present service at the
 end of the war. So far as the
 applicants are concerned, it
 does not look as if they have
 any liability to them abroad.
 They have been absorbed by
 the Dept of India to serve at
 the training centres just as
 several others have been
 absorbed at the various other
 centres

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Concessions to Candidates with war Service seeking Civil Employment after the War.

Order No.W 1103-11 2-W. 12-40-3, Dated Bangalore the 8th December 1941.

Government have had under consideration the measures to be adopted to ensure that the services of all who desire to assist in the prosecution of the war should be utilised to the fullest extent. There are reasons to believe that young men who are suitable for "Emergency Commissions", etc, may hesitate to apply for such appointments in view of the risk of their losing permanently their chances of civil employment after the war is over. Government consider it desirable to remove these misapprehensions and to take steps to ensure that persons who volunteer for service in connection with the prosecution of the war should not be at a disadvantage in the matter of obtaining civil employment under the Government after the war, as compared with those who did not enrol for war service. Government are accordingly pleased to direct that the following arrangement be adopted and concessions shown to candidates with war service seeking civil employment after the war:-

(a) Twenty per cent of all substantive vacancies (in Classes I and II) to be filled either by promotion or by direct recruitment (arising on or after 1st November 1941.) will not be permanently filled up so that these vacancies may be available for the absorption after the war, of suitable candidates with war service. These vacancies will, in the mean time, be temporarily filled up for the conduct of work, subject to termination, when required. Brahmin candidates will generally be absorbed in promotion and general vacancies and candidates of the backward communities in special vacancies.

(b) Minimum educational qualifications, as prescribed in the existing recruitment rules, will be generally insisted upon. In special cases, relaxation to the extent necessary and desirable will be shown at the discretion of Government, provided the candidate possesses the requisite experience and knowledge for the efficient discharge of the duties of the office to which he may be appointed. In making the appointment, due consideration will be given to a certificate of good service from the Military Commander of the unit or units in which the candidate has served.

(c) In respect of the rules laying down age limits for entrance to Government service, a candidate who has rendered war service will be permitted to deduct the period of war service from his age.

(d) Appointments will be subject to the usual medical examination for physical fitness for the service concerned.

2. For the purpose of these concessions, the following kinds of service will be deemed to be war service:-

(a) service of any kind abroad with a mobilised unit;

P.T.O.

(Contd)

(b) service in India under Military Munitions or Stores authorities and service in a factory notified under section 4 (1) of the National Service (Technical personnel) Ordinance II of 1940, in all cases with liability to serve abroad when required;

(c) a period of training with a Military unit with liability to serve abroad when required; and

(d) valuable service rendered to the fighting forces in other ways, e.g., by way of recruiting.

Preference will be given in the order indicated.

3. The concessions hereby announced will be subject to the general reservation that they---

(a) are consistent with the public interest;

(b) are open to those persons already in the Government service who have no opportunity of rendering war service; and

(c) do not involve the appointment of any one to a post the duties of which he is not competent to perform.
